## CONCEPTION

With perfect characteristics and a flawless form, our go-to collection of figures provides a contemporary canvas that allows you to inject your brand's genetics.

## DEVELOPMENT

Our hand-crafted, supreme-fit figures come with our classic fixed position fibreglass arms or articulated wooden arms, which offer great dexterity when creating characterful poses.

## GENETICS

For a contemporary, industrial look, figures are available in raw fibreglass (shown left), or finished in a colour to suit your brand's identity (shown right).

## EVOLUTION

Created with mixed merchandising in mind, our table sitters have a commanding presence when placed on eye-level surfaces or stools for an unconventional, interactive solution that's ideal for lifestyle VM.

Seated figures come with a back waist spigot as well as a foot spigot for a sturdy and secure display that's built to withstand everyday endurance.
